

SMD2835

CANBUS T10 Bulb

- "ERROR FREE" will not activate with warning light

- High intensity 2835SMD LEDs

- Has maximum light output

There are 3 distinct style of 2835 T-10 bulb that fulfill various needs

Working with 12V Vehicle electrical system

LED Number :	6	8	12
Part No (White):	91170W	91171W	91172W
Part No (Blue):	91170B	91171B	91172B

- High intensity powerful LEDs

- Has maximum light output

Others

CANBUS T10 Bulb

There are 4 distinct style of other T-10 bulb that fulfill various needs

Working with 12V Vehicle electrical system

LED Number :	Foo	FOCOS	Philips	CST
Part Number :	91176	91177	91178	91179
